International designer Nitin Goenka who heads the company, has over fifteen years of experience as a buyer of diamonds and precious gemstones, and as a jewelry designer. His rise was meteoric and he has been designing, manufacturing and selling jewelry to the who's who of the American Retail, luxury giants and discerning luxury clients. His artistic vision comes to life here in a dazzling cache of diamonds, emeralds and pearls. The artistic director embraces a refreshing lightness of style, giving the contemporary, high fashion garde, an audacious twist into statement making pieces.

Nitin Goenka was all of 21 when he started his entrepreneurial ventures in New York. This experience gave him deep insight into the mind of the luxury buyer and therein began his quest to design and create the most beautiful jewelry with the finest and rarest internationally certified diamonds and precious stones that would be worn by the Glitterati. Nitin Goenka entered the high end jewelry retail business in 2009 and has been a part of the diamond industry since 1999, winning the trust of connoisseurs for his creative designs and uncompromising quality along the way.

Nitin has curated some of the world's most beautiful and finest diamonds i.e. large natural white and fancy colour diamonds. He is also an authority on emeralds and other precious gemstones and routinely provides valuations. He has been a speaker at the Rapaport International Diamond Conference, has been featured in the Johnnie Walker Personality of the Year and has hosted numerous charity dinners and auctions in the past 10 years of his career.

This year, Emperor's Fine Jewels is the official sponsor of the Jewels of the Muslim World Award. The standard design of the prestigious award has, uniquely and innovatively, been sewed up by Nitin and his support to the 6th Muslim World BIZ 2015.
